Data section

For this project we need the following data:

• New York City data that contains list Boroughs, Neighbourhoods along with their latitude and longitude.

♣ Data source : https://cocl.us/new_york_dataset

♣ Description: This data set contains the required information. And we will use this data set to explore various neighbourhoods of New York City

• Indian restaurants in each neighbourhood of New York City.

♣ Data source : Foursquare API

♣ Description: By using this API we will get all the venues in each neighbourhood. We can filter these venues to get only Indian restaurants.

• GeoSpace data

♣ Data source : https://data.cityofnewyork.us/City-Government/BoroughBoundaries/tqmj-j8zm

♣ Description: By using this geo space data we will get the New York Borough boundaries that will help us visualize choropleth map
